Re:	SLSA Approved Gear and Equipment List – Mid Coast Marine Mobile PTY LTD

Surf Life Saving NSW would like to remind Clubs of the approved gear and equipment suppliers of Surf Life Saving products.

It has come to the attention of Surf Life Saving NSW that MIDCOAST MARINE & RESCUE PRODUCTS PTY LTD are now trading as MIDCOAST MARINE MOBILE SERVICES PTY LTD and are attempting to trade with Surf Life Saving Clubs in NSW.

Surf Life Saving NSW would like to caution Clubs in dealing with either company or business name.

The Australian Securities and Investments Commission currently records the companies as “*Strike-off Action in Progress*” and “*Cancelled*” respectively. This is a result of liquidation proceedings which have adversely affected a number of Surf Life Saving Clubs in NSW.

Only gear and equipment from suppliers endorsed on the SLSA Gear and Equipment List may be used in Surf Life Saving patrol and competition.

For ease of reference the List currently identifies the following recommended suppliers who sell endorsed; IRB fuel cells, propeller guards, surf kits and related products (for outboard motors and IRBs please see the List);
