- 4.23. The purpose of this event is to allow all athletes an opportunity to post a straight 50m time for the purpose of talent identification and potential team selection. (i.e. relays).
- 4.24. It is anticipated that this event will be conducted following the conclusion of competition on Sunday afternoon. No entry will be required to be completed.
- 4.25. This event may not be held if there is insufficient time allowable.

## 5. POINTSCORE

- 5.1. An interclub point score will be conducted based on the results of individual and team events for 1<sup>st</sup> through to 6<sup>th</sup> placing (or less if the actual number of competitors is less than 6) for the Championships. All events will be of equal points and the club with the highest aggregate of points at the conclusion of the competition shall be declared the winners in each division (Youth, Open, Masters). Please note there is no Overall Club Point score.
- 5.2. Representative Teams are not eligible to participate in the club point score nor shall any placings gained block the point score of club teams.
- 5.3. Results of events conducted in the Masters division will not form part of the point score.
- 5.4. The following points will apply:
- |                 |          |                 |          |
|-----------------|----------|-----------------|----------|
| 1 <sup>st</sup> | 6 points | 4 <sup>th</sup> | 3 points |
| 2 <sup>nd</sup> | 5 points | 5 <sup>th</sup> | 2 points |
| 3 <sup>rd</sup> | 4 points | 6 <sup>th</sup> | 1 point  |
- 5.5. Where a dead heat (as defined in the current Surf Sports manual) occurs in the final of an event the Clubs of the individuals/teams will share the placing points relative to the finish placing. The club of the next individuals/teams to finish will receive the relative placing points based on the number of individuals/teams finishing ahead of them. For example: if two individuals/teams finish equal 3rd, both individuals/teams shall receive 4 points for their club and the next individual/team shall be awarded 2 points for coming 5<sup>th</sup>.
- 5.6. If in the event of equal points in the overall point score a count back of placings (i.e. most number of first placings, then second placings etc.) shall be undertaken to determine the winner. If, after an exhaustive review, teams cannot be separated, a tied point score shall be declared.
- 5.7. All results will be posted during the competition at the Championship venue and will be available on the SLSNSW website after the event completion.
- 5.8. The swimming pool at the Ryde Aquatic and Leisure Centre does not meet ILS requirements for pool events, therefore records will not be awarded at these Championships

## APPENDIX 1 - ENTRY PROCESS

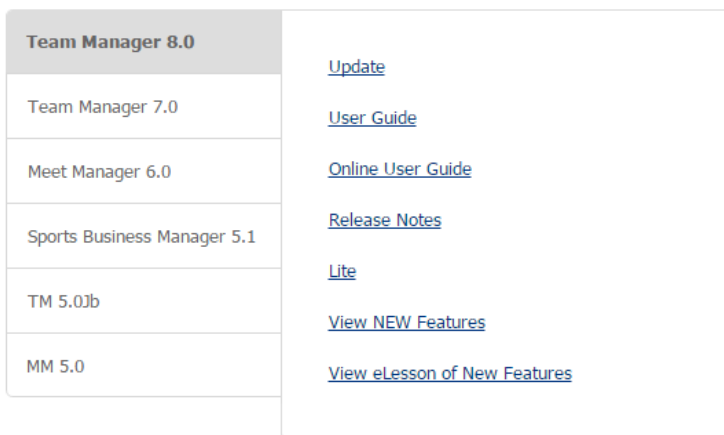

The following information is to be used as a guide when submitting entries using the Team Manager Lite System for the NSW 2017 Pool Rescue Championships.

### Before using Team Manager Lite – get organised and allow yourself plenty of time.

- You will need to have the athletes' date of birth, as it **must** be entered (not a dummy one) and correct spelling of names is also essential.
- Have all your entries organised. You can enter them in several ways, however, the best way is by "events". Therefore, have a sheet ready, listing the events and which competitors will be entering those events.
- Team Manager Lite will only allow you to enter 100 athletes.

### Downloading Team Manager Lite – this is not difficult – but please follow each and every step.

1. Download [Team Manager 8.0 Lite](#) (If you already have this, skip to entering competitors.)
  - a) Scroll down to the screen shot displayed below and click "Lite" to download the program.

- b) Click on "Lite", then hit *Run*.
- c) When the Installation program pops up, click through the *Next* and accept the *Terms & Conditions* until you get to *Finish*. The program will open automatically.
- e) Once the program has opened click *OK* on the pop up screen. Click *No* for automatic updates.

- 4. Go to *Meets* and select the relative carnival e.g.: "**SLSNSW 2017 Pool Rescue Champs**" (This is especially important for those clubs who have used the program last year to enter competitors.) Close this window.

**5. Add your Club**

- a) Click on *Teams* on the top toolbar
- b) Click *Add* on the new toolbar

- c) Use upper and lower case in the Athlete Information area – not all upper – for athletes' names.
- d) Tab to move to the next boxes. (Leave Middle: and Preferred Name: blank)

- i) Click *OK*.
- j) Continue adding all new athletes.
- k) If you already have athletes entered from last year, check if their details are still correct and delete those that are not competing. You are only ever allowed to have 100 names. Click *Cancel* when finished.
- l) Close this screen (Athletes) by clicking on the top right hand X (on the second line). Careful, the top X will close Team Manager.

**Entering Athletes into Individual Events.** (PLEASE REFER TO *Event List to Help with Nominations* file)

- m) Click *Meets* from the top toolbar.
- n) Make sure correct carnival is blue. e.g. **SLSNSW 2017 Pool Rescue Champs**
- o) Click *Entries*, then *Entries by Event*. Ignore next message box.
- p) Select your club in the *Swim for Team* drop down box at the top of the screen.
- q) The events listed in this system are for a traditional pool event. The attached listing of events should be used to determine the correct event you are entering. Click on any event – the eligible athletes will show alphabetically on the bottom half of the screen. (Please go by Event # and use Events List to Help with Nominations attached.)
- r) Click in the *Entrd* column box of the person you wish to enter. The row will change to yellow and a tick will be in the box in the *Entrd* column. Enter a time in the Custom Column. This is for seeding of the Heats. This is not necessary but helps your athletes when allocating the Heats.
- s) To delete an entry, click on the ticked box. The yellow will now be cleared.

- t) Continue this way until you have entered all your athletes. Team Manager automatically saves your entries as you do them.
- 7. Entering athletes into Relay Teams – (e.g.: Obstacle Relay, Line Throw, Medley Relay and Manikin Relay).**
- Click on a Relay event you wish to enter. If a message box shows, click *OK*.
  - Eligible athletes will now be showing on the left side of the screen. Click on *New Relay*. This enters a team. You now need to enter the athletes into that team. Please enter names, even if you change them on the day.
  - Double click in the *Entrd* box for each athlete, in running order, and that name will be transferred to the right side of the screen under *Athletes*.
  - To delete an athlete from a Relay, double click on the name in the *Swimmers* box and follow instructions.
  - To add athletes into another Relay event, repeat the steps above.
  - Once you have entered all athletes into their events, close this screen to go back to the main screen.
- 8. To print your entries.**
- From the Main Menu, Click *Reports* on the top toolbar and choose *Meet Reports – Meet Entries*.
  - Click the *Team* drop down box and choose your Club.
  - Make sure that *All* is selected for *Gender* and *Sort By* has *Meet Event Number* selected. Check that *Event Filters – Individual and Relays* has a dot as well as *Show Eight* also has a dot. Nothing else should be selected. This report will show athletes entered per event.
  - Click *Create Report*.
  - To close print screen, click on the cross at the top right hand corner (second line) then click *Cancel*. Click the cross at top right hand corner (second line) again and you should be back at the Main Screen.
- 9. Backup file on a USB. (In case the computer crashes.)**
- From the Main Screen, click *File* and choose *Backup*.
  - Select where you wish to save the backup – program will go to C:\TM5Data – that’s OK – but it is advised to do one to a USB stick as well.
  - Write down the name of the backup file and where it is saved to (if not saving to a USB), as it gives the file an unusual name (e.g.: SwTm5BkupMyTeam - ???.zip) – you don’t have a choice of naming it. It is sometimes hard to find again if you need it.
- 10. Exporting your data, send to Luke Stigter – [lstigter@surflifesaving.com.au](mailto:lstigter@surflifesaving.com.au)**
- From the Main Screen, click *File* → *Export* → *Meet Entries*.
  - Change *Export to Drive* and *Export to Directory* as desired (I suggest E:\ (USB stick) if not familiar with Windows Explorer) – but again write down where you are sending it as before it gives it an unusual name that you can’t change here. (You will need to be able to find this file to email your entries.)
  - Make sure the correct Meet is showing, e.g. **SLSNSW 2017 Pool Rescue Champs** and *Export Relays* is ticked.
  - Click *OK*, then *OK* again, then *Cancel*.
  - Find this file wherever you have saved it on your computer or USB and rename it to using your Club code etc., for example **CRON Entries SLSNSW Pool Rescue Champs**.
  - Email this exported file (NOT THE BACKUP FILE!!!) to Luke Stigter – [lstigter@surflifesaving.com.au](mailto:lstigter@surflifesaving.com.au)
  - A reply will be sent to the sending address to acknowledge the receipt of your entries.
11. After the carnival is collated, a list showing heat lanes etc. will be published for your use on the day of the carnival.
12. Good Luck. Please call **Luke Stigter on (02) 9471 8000** if you are having **any** difficulties so as to sort out any queries as early as possible in the process.

**Entries MUST be received by 11pm Sunday 25 June 2017.**
