

Bulletin

To:	Sport Services, State/Territory Centres, Branches, Clubs
From:	Surf Life Saving Australia
Summary:	Updated to IRB Regulations- Page 6
Subject:	Gear and Equipment

In the IRB Regulations, it has come to Surf Life Saving Australia's attention that there has been a mistake regarding fuel cells that are approved for IRB competition.

Please refer to page 6 of the Regulations. The supplier of the Nauta and Wilco fuel cells are currently not an approved SLSA supplier as of Oct 2016. Any of these fuel cells purchased after Oct 2016 are not approved for IRB competition.

For further information please contact SLSA equipment@slsa.asn.au or (02) 9215 8000.
