4.6 AUSTRALIAN POOL RESCUE CHAMPIONSHIPS POINTSCORE

An interclub point score will be conducted based on the results of all Open and Age (except Masters) individual and team events for 1st, through to 6th placing (or less placings if the actual number of competitors to complete the event are less than six) for the Australian Pool Rescue Championships. All events will be of equal points and the club with the highest aggregate of points at the conclusion of the competition shall be declared the winner.

Results of events conducted in the Masters division **will not form** part of the Open and Age point score but a separate Masters Pointscore shall be conducted on the same basis as the Open and Age point score.

Note: Development, State, International Club, High Performance and National Representative Teams are not eligible to participate in the club point score nor shall any placings gained block the point score of Australian club teams.

The following points will apply:

1 st	6 points	4 th	3 points
2 nd	5 points	5 th	2 points
3 rd	4 points	6 th	1 point

Where a dead heat (as defined in the *Surf Sports Manual*) occurs in the final of an event the clubs of the individuals/teams will share the placing points relative to the finish placing. The club of the next individuals/teams to finish will receive the relative placing points based on the number of individuals/teams finishing ahead of them. For example: if two individuals/teams finish equal 3rd, both individuals/teams shall receive 4 points for their club and the next individual/team shall be awarded 2 points for coming 5th.

If in the event of equal points in the overall point score a count back of placings (i.e. most number of first placings, then second placings etc.) shall be undertaken to determine the winner. If, after an exhaustive review, teams cannot be separated, a tied point score shall be declared.

SECTION 5. SLSA INTERSTATE CHAMPIONSHIPS

This Section details particular instructions relating to the conduct of the Surf Life Saving Australia (SLSA) Interstate Pool Rescue Championships 2017 (Interstate Championships).

Competitors must represent their state for the whole of the Interstate Championships in their state nominated age category for individual events.

However, to encourage participation states may nominate a younger age competitor to represent their state in individual events in an eligible older age group. When this occurs, the competitor may choose to compete in their own individual age group for their club and have their time recorded for comparison with their state nominated age group. For example an U17 age group competitor may be nominated as an U19 age competitor for their state. If this occurs the competitor may compete in the U17 age group and record a U17 club result and a time and result for the U19 interstate event.

Note: An U12 or U13 competitor is ineligible to represent as U15 interstate competitor and an U14 or U15 age competitor is ineligible to represent in an U17 or older age group.

Participation in interstate relay events shall be as per the eligibility conditions contained in the current edition of the SLSA Surf Sports Manual (Sport > Surf Sports Manual) and any subsequent Bulletins.

For event management purposes SLSA will recognise three (4) state team management officials. The positions to be recognised are:

- Manager (1)
- Coach (1)
- Medical (1)
- Other (1)

Note: *The team management composition must contain both male and female appointees. In this regard it is further recommended that the state appoint males and females proportionately.*

5.6 TEAM SELECTION

States/Territories are responsible for the selection of their teams.

States/Territories are permitted to select “State of Bronze Medallion Origin” athletes based on where the member first gained their Bronze medallion award OR for the state/territory where the member’s current club is if the member so wishes. Each state will be required to confirm which eligibility status each athlete is being selected under on the team registration form. SLSA will complete an audit of each team to ensure all teams are complying with these rules.

Note 1: *“Current Club and State”: This means the club and state in which the member currently has his/her competitive rights.*

Note 2: *It is the individual member’s choice whether they wish to be considered for selection by their “State of Bronze Medallion origin” or their “Current State of Membership”. It is the role of the State to confirm this with athletes. This must be included in the Pool Rescue Interstate Team Details sheet.*

All team selections and individual event allocations will need to be received by SLSA no later than close of business (AEST) **Wednesday, July 26th 2017**. Refer Entry Section.

5.7 DRAFTING

Drafting is only permitted for the Relay events only. SLSA will facilitate an athlete draft to ensure:

- Each affiliated State/Territory has a full team roster for the relays (where possible).
- That non-selected (from primary nomination) athletic talent is spread around teams requiring draft athletes.

Note: *It is desirable that over time State/Territory teams will become less reliant on drafting to fill relay teams.*

The draft process shall be as follows:

- Athletes may elect to nominate into the drafting for relay events should their primary nomination for a State team be unsuccessful.
- SLSA will release athlete entries to State/Territory centre’s by Monday, 17th July 2017.
- State/Territory centre’s will be required to select its relay teams by Thursday, 20th July 2017.
- State/Territory centre’s shall forward all athlete nominations and drafting requirements to SLSA by Thursday, 20th July 2017.
- Any drafted athletes shall be the financial responsibility of the individual seeking the draft. As a minimum States will supply team caps to the drafted athletes.
- SLSA will release a list of the available draft athletes to each State/Territory team manager eligible to pick from the draft by Friday, 21st July 2017.

- There will be a teleconference facilitated by the SLSA Chair of Selectors (or their nominee) and State Team Head Coaches and Managers on Tuesday, July 25th 2017 to complete the draft picks.
- The lowest ranked state team from Ocean Interstate 2017 will have first pick, followed by 6th, 5th until the first rotation is complete. The rotation shall continue until all teams have a complete roster.
- SLSA will issue a press release of all team lists on Friday, 28th July 2017.
- No relay team changes are permitted unless an injury occurs or evidence of an exceptional circumstance is provided.
- There shall be no penalties for drafting. States/Territories are advised there may be reducing draft athlete allowances in the coming years.

5.8 POINTSCORE

All events conducted shall be of equal points and the State/Territory with the highest aggregate of points being declared the SLSA Interstate Pool Rescue Champions 2017.

Point score points shall be allocated on a 7, 6, 5, 4, 3, 2, 1, basis for the positions 1st – 7th for each event contested. Nil points will be earned in the case of disqualification and/or a “did not enter” and/or “did not finish” results.

The Interstate Relay events will be conducted separately to the Club Relay events.

Note: *Teams with drafted athletes may earn 100% of their placing points in relays.*

The individual events will be conducted as part of the Club Championships. States will be required to nominate **one** athlete only from their selected team to represent them in the above events. The nominated athletes will compete concurrently for both their club and state in individual events and will accumulate placing points for both.

Note 1: *To achieve this, two separate scores will be kept - one for the Interstate and one for the inter club. As an example if a state team nominated athlete was 6th place overall in a race but was place 3rd among other states nominated athletes they would be 6th in the interclub and 3rd in the interstate event and would be awarded placing and points for both accordingly.*

Note 2: *Also refer to Section 5.2 for competitors being selected in an older age group for their state but completion in their own age group for their club.*

Dead heats in events shall be declared as such with teams sharing the placing points for the placing attained, e.g. equal 3rd receives 5 points each with 5th placing receiving 3 points.

The occurrence of a tie at the conclusion of the competition will result in a count back of best finishes (that is, number of 1st's, if still equal, number of 2nd's and so on until a winner is declared). If this method cannot separate States/Territories, joint winners will be declared.

5.9 TROPHIES AND PRESENTATIONS

Teams will be competing for the Interstates Pool Rescue Trophy (a cumulative point score for all events). No interstate medals will be awarded for placings in individual or relay events.

State teams placing 1st, 2nd, and 3rd in the Interstate Pointscore shall receive Interstate Championship medallions for all team members.

Note 1: *As per the SLSA Sponsorship Policy teams may be asked to wear sponsors apparel during the presentation of the trophies and medals. Apart from any SLSA sponsorship no items giving conflicting commercial identification (refer the SLSA Sponsorship Policy) shall be worn during the official presentation ceremony.*

The Alan B Whelpton AO Perpetual Shield (for the overall point score of Ocean, Pool, Surf Boat and IRB Interstate Championships) shall be awarded at the SLSA 2018 Ocean Interstate Championship pre-event function evening. The pointscore for this Shield shall be determined by the overall placing result recorded by States/Territories in each of the Interstate Championships. In this regard States/Territories shall be allocated points on a 7, 6, 5, 4, 3, 2, 1, basis for their relative 1st – 7th placing in each Interstate Championship (Beach/Ocean, Boat, Pool, IRB). The State/Territory with the highest aggregate of points shall be declared winner of the Shield.) In the event of tied points a count back of best overall results in the four championships (Beach/Ocean, Boat, Pool, IRB) will determine the winning placings and so on until a winner is declared). If this method cannot separate States/Territories, joint winners will be declared.
