| To: | All SLSNSW Surf Life Saving Clubs |
| From: | Christina Voyage, Partnerships Manager, SLSNSW |
| Date: | 26 th April 2018 |
| Pages: | 1 |
| Subject: | Grant Opportunity – NSW Community Building Partnership (Closing 15 June 2018) |

The **NSW Community Building Partnership Program** funds community infrastructure projects that deliver positive social, environmental and recreational outcomes and promote community participation, inclusion and cohesion. This Program funds projects in each State Electorate of NSW, with \$330,000 available to fund projects in every NSW State Electorate. (Electorate information can be found on the CBP website or at <http://streetlist.elections.nsw.gov.au/>).

This Program offers \$2,500 to \$330,000 per applicant (average grant is \$20,000) for

- construction of new community infrastructure; or
- refurbishment, repair and maintenance to existing community infrastructure; or
- the purchase of capital equipment with a minimum individual asset value of \$2,500 and a projected life expectancy of 5+ years

Projects under this Program must be completed by 31 March 2020.

Please note the following key points:

- Applicants can apply for a project that is a component or stage within a larger project
- Not-for-profit organisations must be incorporated and have a current and up-to-date record on the Australian Charities and Not-for-Profits Commission (any organisation that has defaulted on providing required documentation to the Commission will have funding withheld (if the project is successful) until records with the Commission are resolved)
- Organisations with two or more un-acquitted CBP projects from CBP2015-16. Eligibility will be assessed based on CBP2015-16 acquittal paperwork received by the CBP team on or before 15 June 2018
- The following items are **NOT** eligible for funding: works commenced prior to closing date 15 June 2018; workshops, training and events; planning and development consent costs in their own right (these costs can form up to 5% of a larger project); and development of commercial ventures, e.g. café or licenced area; programs. For the full list of ineligible items, please see the Program guidelines (link below)
- Preference will be given to projects already granted Development Consent (if required); however applicants in discussion with their Council to lodge an application will be considered and must be granted Development Consent by 31 July 2019
- Eligible not-for-profit organisations can seek the entire project cost as a grant, however, favourable consideration will be given to those projects with contributions from their own or from other sources, including in-kind contributions
- Land owner or property owner consent (if applicable) and quotes for the project will be required

The closing date for applications is **5pm on Friday 15 June 2018**. The application and guidelines can be accessed from <http://www.communitybuildingpartnership.nsw.gov.au/>.

For assistance with your application you may wish to refer to the GSU's "Grant Application Guide for Clubs" at <https://www.slsfoundation.com.au/grant-seeking-unit.aspx>.

Please note – we would strongly encourage you to contact the Surf Life Saving Foundation's Grant Seeking Unit for assistance with the writing and submission of this grant. Please contact:
